

Manuka Stationery List 2019

This list indicates what your child will need for 2019 in Manuka (Year 3)

I encourage you to reuse exercise books where practical. It is useful to track progress by seeing progression through the students' books. If your child is only half to three quarters way through a book then please feel free to continue to use this book, saving costs and paper. You can purchase books over the holidays or from the office when we return to school.

Please have your child equipped with all the stationery start of Week 1 so we can begin straight away. All books should be clearly labelled with your child's name. Some children may like to cover their books, or colour code them to make them easy to find in their tote tray.

Have a happy and relaxing holiday,

Anna Webb anna.webb@northloburn.school.nz

Books
